# GROUP VOLUNTARY HOSPITAL INDEMNITY INSURANCE BENEFIT HIGHLIGHTS

A 4-day stay in the hospital could cost around \$10,000.1

## NORTH AMERICAN DIVISION OF SEVENTH-DAY ADVENTISTS

Hospital indemnity (HI) insurance pays a cash benefit if you or an insured dependent (spouse or child) are confined in a hospital for a covered illness or injury. Even with the best primary health insurance plan, out-of-pocket costs from a hospital stay can add up.

The benefits are paid in lump sum amounts to you, and can help offset expenses that primary health insurance doesn't cover (like deductibles, co-insurance amounts or co-pays), or benefits can be used for any non-medical expenses (like housing costs, groceries, car expenses, etc.).

If you (or any dependent(s)) currently participate in a Health Saving Account (HSA) or if you plan to do so in the future, you should be aware that the IRS limits the types of supplemental insurance you may have in addition to a HSA, while still maintaining the tax-exempt status of the HSA.

This plan design was designed to be compatible with Health Savings Accounts (HSAs). However, if you have or plan to open an HSA, please consult your tax and legal advisors to determine which supplemental benefits may be purchased by employees with an HSA.

#### WHO IS ELIGIBLE?

## **HOW DO I PAY FOR THIS INSURANCE?**

Premiums are provided above. You may elect insurance for you only, or for you and your dependent(s), by choosing the applicable coverage tier.

If you enroll for coverage after this date, insurance will become effective in accordance with the terms of the certificate (usually the first day of the month following the date you elect coverage).

You must be actively at work with your employer on the day your coverage takes effect. Your spouse and child(ren) must be performing normal activities and not be confined (at home or in a hospital/care facility).
